## ABOUT ME

I'm an aspiring web developer with a passion for crafting innovative solutions. Self-taught in essential web development languages and tools like React and Node.js, I've honed my skills through hands-on experience and continuous learning. With a background in leadership, teamwork, and mentorship, I thrive in collaborative environments where I can contribute my expertise while also learning from others.

## EDUCATION

KDU College

*July 2015 - July 2018*

- Professional Level of the ACCA examinations
- Obtained Advanced Diploma in Accounting and Business

## EXPERIENCE

Full Stack Developer

*April 2023 – now*

Full stack Javascript developer for IT department in IM Realm Group Sdn Bhd.

- Designing and implementing user-friendly interfaces using modern frontend frameworks using React and NextJs.
- Developing server-side logic and APIs using backend technologies using Node.js, and NestJs.
- Integrating third-party services and APIs to enhance the functionality of the application.

Senior Auditor

*November 2018 – February 2022*

Senior auditor in the audit and assurance department at Crowe Malaysia PLT.

- Responsible for preparing audited financial statements with compliance of MFRS, IFRS, MPERS, Company Act 2016, Income Tax Act and other relevant standards.
- Lead audit team to perform audit for group of companies such as Focus Dynamics Group Berhad, Vortex Consolidation Berhad, Pan Malaysia Corporation Berhad and more.

## PORTFOLIO

### ❖ TraderDAO.ai

*TradeDAO.ai stands as a dynamic DAO community meticulously crafted by a synergy of AI systems and seasoned traders. Anchored by the innovative Proof of Trade mechanism.*

Website Link: <https://traderdao.ai>

### ❖ Penisular

*The human resource software is developed for a pineapple plantation company based in Malaysia. The company specializes in pineapple cultivation and required a digital solution to efficiently manage their workforce and payroll operations. By digitizing these processes, the company aims to enhance productivity, accuracy, and transparency in managing workers' work records and wages.*
